DJ KAWA

A skilled DJ who performs at venues such as Sapporo BOOTY, a.c.i.d, and Hakodate JAGG. It began when, as a university student, I went to a club for the first time and was drawn to how DJs energized the crowd with a wide variety of music — I thought, "I want to be that kind of DJ." After hearing DJ TAMA's sets, I wanted to learn from him, so in 2023 I enrolled in DJ School Sapporo, which DJ TAMA runs.

My favorite genre is R&B. When I was at university I heard H.E.R.'s "Damage" and thought it was incredibly cool, and that's when R&B became my top pick.

Lately I've been more intentional about not just mixing tracks mechanically, but reading the room and prioritizing the groove, and treating each song with care by paying attention to its meaning and lyrics as I play it.
